

Echoes from Barkmere – January 2020

Here is a summary of the last Council meeting held Saturday, January 11th 2020:

- In the absence of Mayor Trépanier (who missed only his second meeting in ten years), councillor and pro mayor Stephen Lloyd presides the council. There is nothing special to report during this meeting that took place under torrential rain, fog, and with a temperature of 6° C. Here is a picture testifying to the sad state of that day and note the water running towards the lake at the bottom of the picture.

Once again, for more details, consult the minutes of the council meeting that will be posted on the town's website once they are ratified, generally at the next council meeting.
